

BRANDY MICHELE ADAMS 2023 COLLECTION, *FIND YOUR WAY HOME*

3 Original Paintings with 1 of-1 Meditations and Sculpture with living plant installation

Mother Earth is suffocating. I wanted to offer a new way to view and be with something you love and connect with. This series is a reflection of coming home back to self. Stripping away the excessiveness of overusing materials, keeping it simple, and inviting you to sit with your piece, Adams' work helps you take a deep look into yourself by allowing the artwork to bring you back to the center. This is an invitation to connect with your breath. Each painting, when purchased, will have a one-of-one meditation unique to the collector's wants or needs.
